

Intruder & Fire Alarm Monitoring

We offer a comprehensive selection of signalling services encompassing a wide range of suppliers and technologies. Our signalling range includes:

- Intruder & Fire
- Single & Dual Path Systems
- PSTN
- GPRS
- GSM
- IP
- All Grades of System

Why Choose Custodian?

As the premier provider of intruder, fire & life safety systems in the UK – you can trust us to deliver. Our philosophy is refreshingly different.

We put our customer at the heart of everything we do. Rather than an independent operator, we actively see ourselves as extended members of your team.

We believe that the most important part of a security installation is the response the system achieves upon activation.

Service Capabilities

A security system that is monitored 24/7 provides round the clock protection of property that simply cannot be matched by a 'bells only' system. Upon receiving the alarm activation, our operatives will take the necessary action, depending upon the configuration of the system. For example, this could be to call a keyholder, the Police or Fire Brigade. A monitored system provided by Custodian can be tailored to your requirements, across any grade. Custodian is at the forefront of signalling technology and as such we deliver an extensive range of signalling products and outstanding service packages.

Customer Benefits

- Added peace of mind for property and business owners, especially when the premises are vacant
- Receive a fast response to an activated alarm, minimising the chances of loss or damage
- Police and Fire Brigade call outs when required, giving further protection
- Helps meet insurance requirements, especially in commercial environments
- Facilitates superior management control of staff activity in commercial settings

What to do next...

For further information, please either call your local Account Manager or our Customer Hub on 0844 879 1702 (option 1).

To find your local Account Manager, visit www.custodianmonitoring.com/contact and select your region from the map.

QUALITY ASSURANCE

Quality and commitment is at the forefront of everything we do, ensuring consistent high levels of service at all times
